TOWN OF ROXBURY NOTIFICATION SYSTEM SIGN UP

Mass notification is about more than emergency alerts and notifications. That's why the Town of Roxbury is now using Blackboard Connect as our alert system. In order to expand our notifications of regular non-emergency messages, Blackboard's unlimited messaging model empowers us to actively engage the community, keeping you informed about everything from road closures, meetings, weather related cancellations, etc. The system will contact all residents that are listed in the database via their home or cell phone, email, or text. In an effort to bring more emails into the system and update phone numbers at the same time, we're asking you to fill this form out so you are in the loop. Thanks for your help in the endeavor.
